

REGISTERED NURSE – MANAGER VICTORIA AREA

We are seeking a skilled, experienced and dynamic individual to fill the position of Registered Nurse/Home Manager, to assist in the development and monitoring of a residential program for individuals with complex health care needs and developmental disabilities. As the RN/Home Manager you will be responsible for the provision of all aspects of care in the home as well as supervision, training and leadership of staff members, administrative management and communication and liaison with professionals in the community. You must have sincere commitment to providing quality services to individuals with developmental disabilities.

Applicants must demonstrate extensive experience as a registered Nurse and hold a current valid certification by the British Columbia College of Nurses and Midwives (BCCNM). The successful applicant will have a combination of experience and knowledge in the following areas:

- Directing, coordinating and implementing the clinical nursing operation of a residential home;
- Providing leadership to a team of Community Support Workers, Registered Nurses and Licensed Practical Nurses;
- Developing, implementing and evaluating the effectiveness of individual health care plans and making changes as required;
- Participating in an individualized planning process for individuals; and
- Providing and supervising direct client care.

The successful applicant will be an excellent interpersonal communicator and able to maintain a flexible schedule as necessary. She/he will also be a team player that is able to build relationships with individuals, families, staff members, community professionals and government ministries and organizations.

Starting annual salary of \$106,000. TCS provides an excellent Benefit and Pension under the Municipal Pension Plan, administrated through the BC Pension Corporation, and for current Public Service Pension Plan contributors the ability to apply for pension transfer to the MPP.

This position is based in Victoria. This position will remain open until filled.
